

Notes on the graphics in the pre-Tractatus MSS

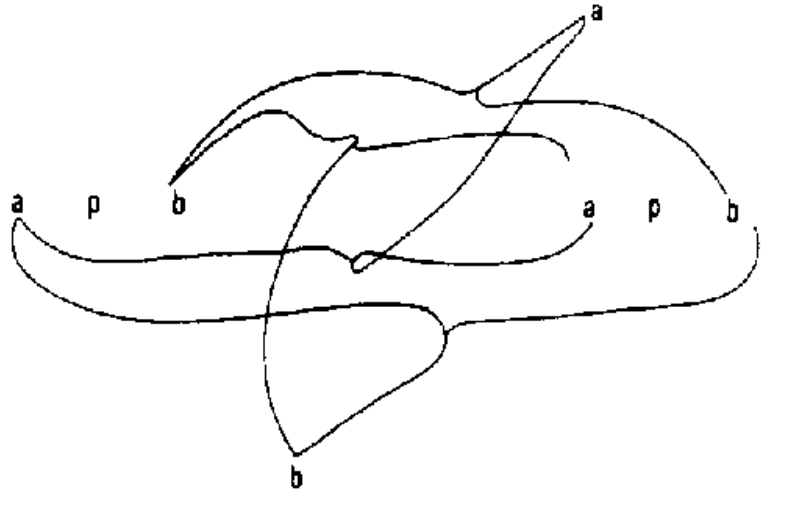

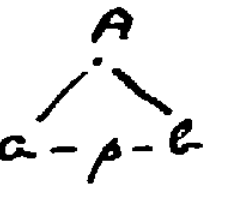

There are 16 images in my Nachlass database (based on von Wright's catalogue) for the period "year=<1917" (MSS 101, 102, 103, 201a, 301, CBR). 2 additional images are from the correspondence (CBR) and relate directly to material in MSS. There are other images from this period, e.g. the patent application, various postcards, etc. that are not included below.

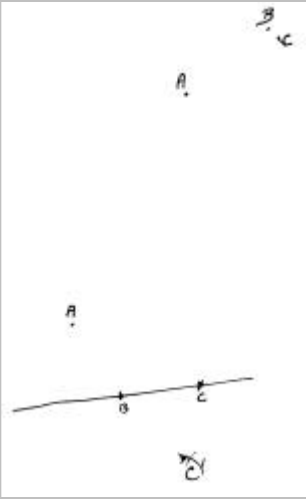

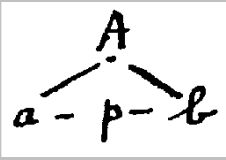

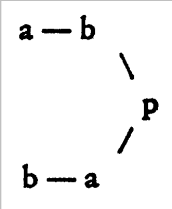

These 18 images can be classified into 12 image types. The "graphical type" refers to the taxonomy first published in *Minerva* <http://www.ul.ie/~philos/vol2/>

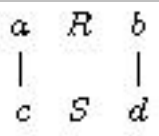

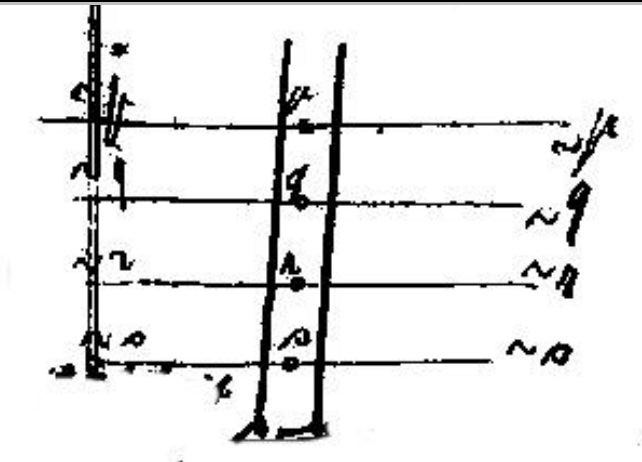

The following table is arranged by graphical type (images not at original size) and is provided to give an "Übersicht".

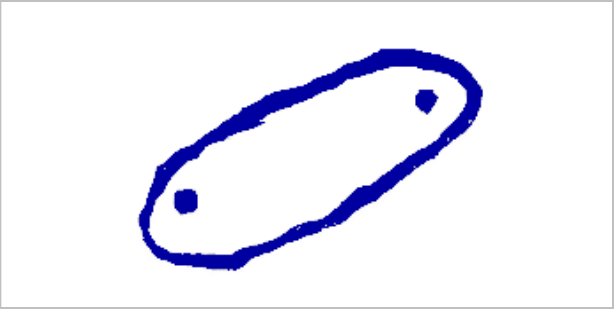

graphical type	vW MS number	MS line	MS page (OUP)	Title of published work	Publication page	Year	MS IMAGE
0101	102		56r	TB1979		1914	
0205	201a-1		B25			1913	

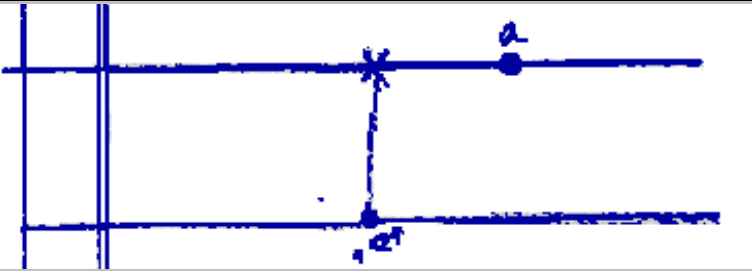

graphical type	vW MS number	MS line	MS page (OUP)	Title of published work	Publication page	Year	MS IMAGE
0205	301	03	18			1914	 <p>The diagram shows a hand-drawn fish-like shape. At the top, a vertical line is labeled 'a'. Below it, two horizontal lines are labeled 'a-h-b' on both the left and right sides. A bracket connects the two 'a-h-b' labels, and a vertical line labeled 'b' points downwards from the center of this bracket.</p>
